PROFILE

Hi,

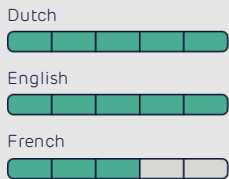

I'm Quinten, a full stack Software Developer with a strong educational background in Mechanical Engineering. I'm able to distinguish myself through my high sense of responsibility, critical mindset and my problem-solving mentality. I consider myself an all round computer expert who dares to set the bar high. In my work, I like to take ownership of my project from start to finish with an openness to learn new technologies.

Development Profile: Full-Stack

PERSONAL SKILLS

- ✓ ADAPTABILITY
- ✓ FLEXIBLE
- ✓ LIFELONG LEARNING
- ✓ PERSEVERANT
- ✓ STRONG ANALYTICAL SKILLS
- ✓ CREATIVE
- ✓ INQUISITIVE MIND
- ✓ OUT-OF-THE-BOX THINKER
- ✓ PROBLEM SOLVING
- ✓ TEAM-MINDED

LANGUAGES

EDUCATION

- 2018 Master Mechanical Engineering (Partially Completed)
KULeuven
- 2015 Bachelor Electrical Engineering
KULeuven

CERTIFICATION

ABB Ability™ System 800xA®

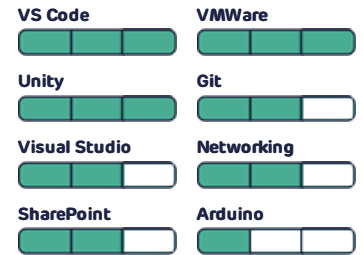

Advanced course on ABB 800xA on their integrated control and automation system. In this course I learned to design various industrial processes, providing a unified platform for managing and controlling different aspects of a manufacturing or industrial facility.

PROFESSIONAL BACKGROUND

05.2021 - 05.2023

Employee
Lead Engineer

Koning & Hartman (MNCI Energies)

02.2019 - 07.2020

Employee
Field Service Engineer

ABB

Koning & Hartman (VINCI Energies)

Employee
Lead Engineer

In this role, I designed configurations for industrial PCs and conducting price calculations based on specific customer requests, collaborating with component suppliers. Providing guidance on Microsoft IoT license regulations to clients using these licenses. Offering advice on various technical solutions for IoT applications. Configuring SCADA for industrial and IoT applications.

ABB

Employee
Field Service Engineer

In this role, I performed repairs, maintenance, and upgrades on customer DCS (Distributed Control System) systems. Expertise includes computer hardware, Windows environment, DCS application, networks, controller software, and hardware. Excluded areas: I/Os. Utilizing DCS systems such as DCI System 6, 800xA, and Freelance.
