22

REGION

Aalst - Ghent - Brussels - On remote

PROFILE

Hello,

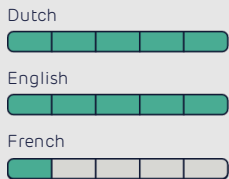

I'm Duncan and I'm a web & mobile developer. I've always had an interest in tech and when I started learning about software development in school, I knew that this is what I wanted to pursue a career in. Towards the end of my school education I became more and more interested in frontend development. Now, I'm focusing more on mobile app development but I'm also still interested in web development. In my spare time I like to work on some personal projects.

Profile: Frontend

PERSONAL SKILLS

- ✓ ATTENTION TO DETAIL
- ✓ DISCIPLINED
- ✓ FLEXIBLE
